

# COCHENILLE WORKSHOP WINTER 2026

**FEBRUARY 7TH-8TH, 2026**  
**SAN MARCOS, CA WINTER WORKSHOP**

## THE PATTERN PATH: NAVIGATING THE DESIGN PROCESS

Walking Through the Design Process: From Concept to Finished Pattern with Garment Designer

**Cost: \$165.00**

**Optional pre-workshop day - \$75.00 February 6th, 2026**

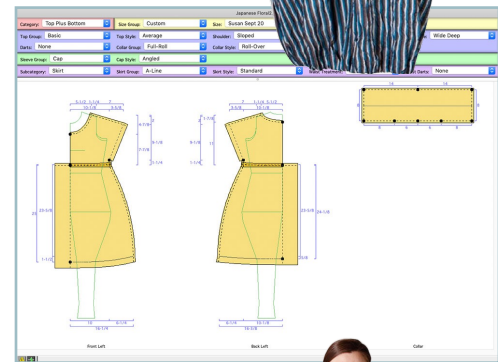

(Boot Camp for or measuring and review of Garment Designer, see page 2)

Have you ever sat down, ready to create a pattern, but you are not sure where to start? This workshop is for you!

The goal of our 2026 workshop is to introduce and guide you through the *Design Process*; *From Concept to Finished Pattern*. Whether you sew or knit, the approach is the same.

Explore thinking creatively and logically as you plan and build a garment pattern. You will be delighted to discover that it is not rocket science. Rather, it is learned series of steps that you can exercise again, and again; getting faster each time you develop a new pattern.

Our workshop will begin with various exercises that will teach you how to look at an inspiration garment, analyze it, and then develop a plan which includes style details and measurements. You will then build the pattern in Garment Designer. The first pattern will be a simple style for a standard size. We will provide the inspiration for this one. After you have completed that, we will then move on to making decisions of how to adapt that pattern for your own personal measurements and you will then alter the first pattern to suit your body. Once you have this under your belt, you will then move on to your own unique project, working from an inspiration image or garment through to a developed pattern.

# COCHENILLE WORKSHOP WINTER 2026

**Note:** We will be focusing on Tops which should allow us to walk through three different exercises. Bring clippings or printouts of Top styles you are interested in. Please choose relatively simple styles so you have time to complete the project. (Less tailored is best).

## **Optional Boot Camp Day: Body Measurements and Reviewing Garment Designer Basics**

**Friday, February 6<sup>th</sup>, 2026 10 a.m. – 3 p.m.**

\$75.00 Minimum: 2 persons

On this day we will walk through the taking of body measurements and the process of entering them in the program. Each student will print out their basic sloper to use as reference when planning garments in the future. We will then explore the basics of Garment Designer.

*This day is designed for*

- people who are new to the software
- those wanting a review
- those who want assistance with their Measurements

**Note:** If you are somewhat comfortable with the software but want the measurement component, Susan will have a pattern project for you to work on when the others learn some of the software basics.

### **LOCATION:**

Susan Lazear's home in San Marcos, California. (approximately 25 miles north of San Diego)

Participation is limited to six persons.

### **INSTRUCTOR: SUSAN LAZEAR**

Susan Lazear is the Creative Director of Cochenille Design Studio and the designer of Garment Designer's software. She is an Emeritus Professor of Fashion from San Diego Mesa College where she taught various design, computer, & patternmaking courses.

Please bring a portable computer with Garment Designer installed (or we can install the software for you).

Further materials list to be sent after registration.

Sewers : You may bring fabric if you want to cut and experiment.

Knitters: Bring yarns to swatch and experiment with, to plan a complete garment.

Note: Please do not book a flight until you know that the workshop is a 'go'. We will keep you informed.
